

EUROLAN Split cabinet

Eurolan field cabinet for fiber optic outdoor installations FTTX.

The cabinet comes with mounting plate, snow pole and duct holder for 48x7 / 3.5mm and holder for incoming 14 / 10mm duct.

The cabinet is designed to cope with the Nordic climate.

Connection cabinet that you place next to node cabinets. For reeling up excess tubes / finishing tubes, instead of cable well. Connect with a ground tube to the node cabinet and feed only the fiber.
